

Engage

...from Fannie Vavoulis, Director of Communications

Summer is winding down – and back to school is on the horizon!

I have a reduced version of Engage this month due to summer holidays. September will be busy with our new program management model implementation and many other things.

We have booked our **Engage** session for September to hear from Lori Marshall, President & CEO on:

Thursday, September 14th – 11:00 am – FMUA

Thursday, September 14th – 1:00 pm – Sydenham Campus Cafeteria

- **One Year in Review**

Earlier this month we shared with the organization the infographic depicting the “One Year in Review” since the Investigator’s Report. This document highlights all the changes in the organization over the last year based on the recommendations from the Investigator.

Much work has been done and the staff, physicians and volunteers should be very proud of the work they have participated in to move the organization forward. If you haven’t had a chance to view the documents it is available on the www.askckha.com .

- **NRCC Survey**

As part of our commitment to staff engagement, the NRCC survey will launch to several different departments across the organization. Over the course of the year, all departments will be asked to participate in the survey. The results will be shared in the same manner as the last time – through email, engagement sessions, Engage update. We hope you will take the time to participate.

Please look out for your email on September 5th. Again, we are only surveying some departments this round. Over the course of the year, all departments will have the opportunity to answer the survey again.

Thank you for taking the time to read **Engage**. Enjoy the rest of the summer and warm weather! See you in September!

If you have any questions or feedback, I'm happy to hear from you!
